EMLYON Business School, 23 avenue Guy de Collongue, F-69130 Ecully

How to apply to the PhD workshop

In addition to public morning lectures, afternoon workshop sessions for PhD students are devoted to discussing both classic and contemporary theoretical developments within institutional theory. The workshop will prepare PhD students to carry out their own research using the methods of institutional analysis.

Interested students should submit an application describing the reasons for their interest, and include their resume, a recent course paper written in English, and a letter of recommendation from their advisor. Applications should be submitted no later than May 1st to both: Bernard Forgues, EMLYON, forgues@em-lyon.com and Annette Eldredge, Scancor, eldredge@stanford.edu

PhD students from the Nordic countries that are the core supporting members of the Scandinavian Consortium for Organizational Research, and from partner universities are given priority. Other PhD students are welcome to apply as well, and will be admitted based on available space, but they will have to register at a higher fee.

Course Credit: 5 ECTS points.

Fee: €250 for Scancor students, €500 for non-Scancor students.
