**5th Workshop on
New Institutionalism in Organization Theory
26th–27th March 2009 in Naples**

The 5th workshop on new institutionalism in organization theory will take place in spring 2009. The aim of the workshop is to bring together academics from various disciplines who are interested in further developing theoretical and/or empirical research based on institutional theory. The workshop will take place at the University of Naples, Italy.

In order to capture as wide a picture of institutional research as possible, the call for papers for this 5th workshop does not have a narrow thematic, methodological or conceptual focus. In keeping with the network idea, the purpose of the workshop is to encourage cooperation, particularly between different disciplines. Completed projects, work in progress and planned projects can be presented at the workshop, which is aimed both at experienced and younger academics.

More details about the workshop can be found on the internet and intranet web pages of the Institutionalism Network: <http://www.institutionalism.net> .

Submissions (abstract or full paper) should be sent to renate.meyer@wu-wien.ac.at or georg.kruecken@yahoo.de by 15th January 2009.

We hope that the workshop will attract many participants and we look forward to fruitful discussions.
