

THE 16TH SCANCOR PHD WORKSHOP ON INSTITUTIONAL ANALYSIS

**COPENHAGEN BUSINESS SCHOOL (DENMARK)
SEPTEMBER 3-7, 2018**

**A unique learning opportunity in wonderful Copenhagen!
Join us for a one-week intense PhD workshop on institutional analysis.**

At the 16th Scancor PhD workshop on Institutional Analysis international faculty will present current research, review recent papers, and discuss new methodological tools that deepen the institutional agenda. Special attention is given to institutional emergence, persistence, and transformation. We also emphasize methods of comparative, archival, network and visual analysis. Finally, we tackle issues involving contestation and strife around institutions and organizations. Students will take away new insights and measures, and a deeper understanding of how to match conceptual questions with research methods.

The workshop will prepare PhD students to carry out their own individual research using the methods of institutional analysis. Previous workshops were hosted at Stanford University, CBS, Aalto University, IESE Barcelona, University of Mannheim, Hebrew University of Jerusalem, EMLYON Business School, Stockholm School of Economics, and WU Vienna. The workshop is one of the activities marking the 30th anniversary of SCANCOR.
